Women are like diamonds – multi-faceted, encompassing many different roles, unique and as valuable as precious diamonds, which should be treasured as such...

At the Inspiring Woman of the Year Awards' Ceremony, you will not only have the chance to discover wonderful and passionate women, but also win a diamond! Thus, all guests will receive for desert a glass of champagne with a shiny stone in it... out of which one will be a beautiful diamond. Florence Zeitoun, founder of G'EM LES GEM'S, will evaluate each stone and let you know if you are the lucky winner.

Do not miss this extraordinary event which will recognise and honour inspirational female 'role models', as well as companies who engage with communities and help build a stronger economy and a better society by recognising the importance of inspiring the next generation and providing positive role models for young women. Book your table now!
